

INTER-CAMPUS RELATIONSHIP

(Board of Trustees Meeting, July 1, 1977)

...A discussion took place concerning relationships between the St. Thomas and St. Croix Campuses of the College. It was proposed by members of the Board, and the President agreed, that the tapes of especially worthwhile presentations on each campus should be made and sent to the other campus for use in the enrichment of the life of the other campus. It was also agreed that other actions of this type should be taken to strengthen the growth of the College.
