

Action Taken by the UVI Board of Trustees

Proposal for Presenting Key Performance Indicators

President Hall reported that the present system of reporting KPI's was put into place sometime ago before the existence of the present strategic plan. In conducting research of best practices of reporting on KPI's, it was determined that such reporting should be linked to the Strategic Plan. A matrix representing a new system of reporting on the KPI's was presented to the Planning Committee. The Planning Committee voted unanimously to approve the new method of presenting the Key Performance Indicators.

At its meeting on October 26, 2013, the Board of Trustees unanimously approved the new method of presenting the Key Performance Indicators.
