

The University of the Virgin Islands (UVI) issues a call for abstracts for the 9<sup>th</sup> annual *UVI Research Day*, which is scheduled to be held on Friday, April 24, 2020. Each year, on *UVI Research Day*, UVI celebrates the scholarship and innovative research of our faculty, students, and staff. UVI community members are invited to submit abstracts of approximately 200 words or less for poster, round-table discussion, and demonstration presentations. We strongly urge teaching and research faculty to encourage the participation of students engaged in all levels of research, in any research discipline.

Four awards – one for faculty/staff and one for students on each campus – will be given the best-judged poster sessions.
