Course Evaluation Data

The chart below summarizes students' responses on course evaluation surveys administered in the Spring 2015 semester. Students rate each instructor's course presentation on a scale of 1-7, seven being most favorable. Overall mean ratings are presented.

Item	Indicator of Effectiveness	Mean Rating
1	Professor is generally prepared.	6.02
2	Professor uses techniques to facilitate learning.	6.11
3	Professor has knowledge of subject matter.	6.14
4	Professor analyses, evaluates, and encourages students.	5.90
5	Professor encourages students to ask questions.	6.42
6	Professor requires students to explore ideas.	5.87
7	Professor requires students to demonstrate critical thinking.	6.24
8	Professor is approachable out of class.	6.23
9	Professor returns graded papers frequently.	5.93
10	Professor employs effective techniques.	5.58
Total		6.02

Note: The data represent 8 course evaluations done for full time faculty at the graduate level with 51 students completing surveys.
